an order was issued from Gen. Johnson's Head quarters, directing the officer in command at this place, to arrest the proprietors of the Canosicca, and the author of an article published in the same, on the 8th inst., and to send the said parties, under guard, to Nashville, and to close the Canosicca office. arrest, we are at our post, with nothing to do but

to wait patiently the solution of the difficulty.

The undersigned deems it his duty to lay before you the present fuancial condition of your city, together with other mat ters that you no doubt feel a deep interest in. During the short time I have had the honor of acting as Mayor of your city, I have been diligently at work, in connection with the Board of Aldermen, to ascertain, if possible, the condition of your city affairs, financially and otherwise; and I would here state that, owing to circumstances with which you are all familiar, it has been no easy task, and but for the energetic and efficient aid of the board, and other officers of the corporation, even the approximation, (at present nothing more is promised), could have been effected.

Since 1862 until the present revenue year (from the 1st February to last of January), no taxes have been assessed, and consequently no taxes for 1863-'4 has or ever will be collected. The tax list for 1862 was placed in the hands of the proper officer for collection, who proceeded to collect until the affairs of the whole country, and particularly the affairs of your city, incident to the fall of Fort Donelson, prevented anything like collections or in any other manuer properly conducting the municipal affairs of your city. Many, however, paid their taxes for 1862 in whole, others in part; and it has now become a question of no small import whether or not, under all the circumstances, it would be right and proper to collect the taxes for 1862. A petition signed by a large number of tax paying citizens has been laid before the Board of Mayor and Aldermen, assigning many good reasons why the tax for 1862 should not be collected and the matter was by them conlected, and the matter was by them considered of so much importance that they ble that this shouldide done now with the declined to act upon it until a full board declined to act upon it until a full board could be present, when the matter unight have due consideration. For myse'f, I think it best that the financial condition of the city be laid before you. You will then be prepared, with the facts on both sides of the question to decide the matter. sides of the question, to decide the matter out rate of taxation only gives you the for yourselves at our municipal election, sum of \$5,364.36 to pay interest on your which comes off the 1st Saturday in next railroad bonds—amounting annually to month, by writing on your tickets "Tax 86,000—leaving some \$655.54 deficit for or "No tax for 1862."
